

Sports and Arts Program

January 2009

Dear Student-Athletes and Parents,

Thank-you for your interest in the “Sports and Arts Program” developed by the Canadian Sport Centre Manitoba and the Pembina Trails School Division.

This package contains the following information: the benefits and eligibility requirements for the Sports and Arts program, the application form, and a checklist of additional information that must be included with the application form.

We use this application form and the additional required documentation, as information to determine who will most benefit from admission into the Sports and Arts Program. Space will be limited for the 2009-2010 program as each year we receive more applications than we can accept. We encourage parents to review the completed application form with their child to ensure all the information is accurate. Please be sure to complete the information with care and accuracy.

Please note that before the application will be considered, the following documentation must be provided. The student-athletes’ coach must verify information filled out by the student-athlete, with their signature; complete page four (4) of the application; and provide a letter of support with the application. A letter of support is required from the student-athletes’ Provincial Sport Organization supporting the application and transcripts are required from the student-athletes’ previous school year and/or term.

Please use the attached “checklist of necessary documents/information” to ensure that everything is included with this application. Applications are to be submitted directly to the Canadian Sport Centre Manitoba no later than 4:00pm Friday, March 6, 2009. **Applications will be accepted ONLY by mail, courier or in person.** NO submissions will be accepted by fax or email.
